a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.

a). If the minimum dimension mentioned here is different from the minimum dimensions mentioned by State Authorities, then the dimensions applicable on the date of advertisement for the state, as given by the authorities will be treated as minimum required dimension.

b). The minimum dimension mentioned in the advertisement here is for the purpose of eligibility criteria. However for better layout, positioning & construction of facilities, better manoeuvrability of vehicles, better customer convenience which is likely to give better sales, bigger plot sizes of about 35m x 35 m would be preferable for other than NH Sites.
